Welltec
Global Pressure Seal Solutions

Mailfinisher 4000

The world's most intelligent on-line pressure sealer and paper folder

---

The most intelligent and user friendly On-Line Desktop Pressure Sealer.

This cost effective machine is ideal for small to medium volume processing of Z, C and V fold Pressure Seal Stationery. With processing on-line to a laser printer, production time is reduced dramatically. The Paper Thickness Sensor automatically detects and diverts any double fed forms, so that there is no interruption to the sealing process.

The MailFinisher 4000 can also be utilised as a Paper Folder, providing easy folding of invoices, letters and many more applications.

- Processing speed of up to 55ppm On-Line (3,300 forms per hour)
- Fold settings changed in seconds
- Manual feeder (repair seal)
- Digital reset counter
- Double detection with auto-divert
- Exceptionally quiet
- Ideal for any office environment
- Fully compatible with the HP lj4000 range of printers (others available)
- Cabinets available for printers fitted with extra paper trays

smart - swift - flexible

Maintenance

Welltec System (UK) offer annual maintenance contracts for added peace of mind. These consist of eight working hours response, all parts and labour, preventative maintenance and *free replacement machine if required. Alternatively, a bespoke maintenance package can be tailored to suit your specific requirements.

Please note: Maintenance contracts outside the UK may vary.

* Subject to maintenance contract
